

were delivered to me personally by the stenographer who transcribed them, and each copy was separately wrapped up, marked and placed in the private compartment of the department vault in Albany."

Hendricks goes on to say that, July 6, he sent a copy of his report to Attorney General Julius M. Morgan, at Albany, and one to Robert H. Hunter, his deputy in New York City, transcribing of his letters to these officials appearing in his statement. The other copy, he declares, since completion has remained at all times in the department vault.

In his letter to Hunter, Superintendent Hendricks says: "Should the District Attorney desire access to this evidence, you are at liberty to deliver it to him, or allow him to examine it."

Superintendent Hendricks says he regrets that any controversy has arisen between the District Attorney of New York county and his deputy in charge of the New York office relative to the delivery of the copy of his report, dated July 15, requesting him to deliver to the District Attorney a copy of the evidence.

With the reference to the inquiry as to why Harriman was not examined, Hendricks says: "He was not a member of either the Executive Committee or the Finance Committee, by which committee the business of the society was transacted. There was nothing in the records of the society or in the transactions disclosed by any of the schedules furnished in which Mr. Harriman's name appears as either selling to or purchasing securities from the society, except as mentioned in my report."

LABOR.

SLUGGED UNION BUTCHER'S BOSS.

WILD WESTERN BRAVADO IN A CHICAGO HALL.

Eight Alleged Hired Wreckers Invade Election Quarters of the Federation of Labor, Lock up Judges and Clerks, Destroy Ballots and Assault Michael Donnelly.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 15.—[Exclusive Dispatch.] Eight men, believed to have been hired to carry out the will of a labor boss, armed with magazine revolvers and operating with lawless bravado characteristic of the wildest days of the western plains, created riot and bloodshed at Bricklayers' Hall, Chicago, and brought the election of officers of the Chicago Federation of Labor to a sudden termination.

During a lull in the voting, the mysterious wrecking crew, sweeping aside the voters on the stairs, burst into the room occupied by the judges and clerks of election, forced every man into an ante-room, which they locked, destroyed the ballot boxes and ballots, and ended the raid by a merciless assault upon Michael Donnelly, president of the Bricklayers' Union, and chief judge of election.

The raid lasted but a few minutes. When the raiders left, the ballots had been destroyed and Donnelly lay senseless in a pool of blood. The rioters defied the crowd of delegates waiting to vote, fought their way to the street, and escaped. No arrests were made, as the police were not notified of the affray for many hours afterward.

BLACK MAILERS IN GUISE OF DETECTIVES.

Magistrate McAvoy of New York Advises Men Hounded by Intimidating "Spotters" to Use Fists on the Offenders.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, July 15.—[Exclusive Dispatch.] On the complaint of Adrian H. Muller and Frederick Fish, wealthy real estate men, Private Detectives George McKennie and Larry White of the McCulloch agency, have been bound over to keep the peace until the hearing in court Wednesday. It is declared that a scandal which will shock the business world will develop as the result of the case, and that the "spotters" are being employed for blackmailing purposes.

Muller was approached, sometime in 1914, by detectives who sought information regarding another millionaire business man. Muller refused to give it, and for weeks the detectives have made his life a burden. They gave him no peace day and night. The magistrate, when he heard Muller's story, indignantly advised that men who were so annoyed use their fists on the offenders without mercy.

Magistrate McAvoy said: "These private detective agencies are nothing more than blackmailing concerns, and while I am sitting on the bench, I thought before me as you are for annoying respectable citizens will receive no more than a slap on the back."

THE GREAT WAR.

DRIVEN BACK AT DARLINE.

Russians Offer Stubborn Resistance in Vain.

Japs Thereby Become Masters of South Sakhalin.

Linevitch to be "Aggressive" Just as a "Bluff."

(BY THE ASSOCIATED PRESS.—P.M.) TOKIO, July 15, 2 p.m.—[By Asiatic Cable.] It is officially announced that the Russian center, holding Darline and vicinity, was attacked July 11 and offered stubborn resistance. The attack was renewed at dawn July 12, when the Japanese dislodged the Russians, driving them in the direction of Munka.

This victory ensures complete occupation of South Sakhalin by the Japanese. Eighty prisoners were taken by the Japanese, among them Lieut. Maxim. Four field pieces, one machine gun and ammunition warehouses were captured. The Japanese losses were about seventy men killed or wounded. The Russians lost 160.

LINEVITCH'S "AGGRESSIVE" TO SYNCHRONIZE WITH PEACE.

(BY THE ASSOCIATED PRESS.—P.M.) TOKIO, July 15.—[By Asiatic Cable.] It is unofficially estimated that Gen. Linevitch's force numbers nearly four hundred thousand now, and it is reported that he is extensively using water transportation to bring forward men, supplies and ammunition. An officer who recently returned from Manchuria expressed the opinion that Linevitch plans a big demonstration to synchronize with the meeting of the peace plenipotentiaries, but that he does not intend real aggression.

It is understood that Capt. Bouguin returns permanently to France.

RUSSIAN WINGS ADVANCED. JAP CENTER PORTIFIED.

(BY THE ASSOCIATED PRESS.—P.M.) GUNSHU PASS, July 15.—[By Asiatic Cable.] Reports that the Russian army is in a precarious situation appear to be without foundation. Investigations made by correspondents of the Associated Press show that neither flank has been turned, and that, in fact, the Russian wings are more advanced than the center.

The Japanese center is strongly fortified. Many siege guns have been placed along the Changtufu-Nanchang line, and there is a triple ring of forts commanding the Mandarin road. The Japanese are using novel elephant-trap styles of entrenchment, consisting of dishes covered with platforms which are balanced in the middle, and which tilt into vertical position under the feet of attackers.

The Japanese have a captive balloon eight miles south of Nanchang.

JAPAN'S "IMPROPER ACT."

(BY DIRECT WIRE TO THE TIMES.) MOSCOW, July 15.—[Exclusive Dispatch.] A high official closely connected with peace negotiations says that the chances of concluding a treaty have become very remote since the invasion of Sakhalin, which is regarded in high quarters in St. Petersburg as an improper act after Japan consented to negotiate.

M. White also says that special powers except those of an ordinary plenipotentiary qualifying him to make a treaty. The czar will have to be consulted on every point.

JAP DESTROYERS RECONNOITER.

(BY THE ASSOCIATED PRESS.—P.M.) NIKOLSKOIE (Asiatic Russia) July 15.—Four Japanese torpedo boat destroyers reconnoitered Olga and Vladimirov bays, northwest of Vladivostok, July 14 and 15. They made soundings and examined the shores, and were evidently investigating the possibilities of landing troops. They examined the wreck of the Russian cruiser Isurud by means of divers.

BRITISH BUSINESS OUTLOOK.

LONDON, July 15.—[Exclusive Dispatch.] The Times, in its financial supplement, says that the outlook for grain markets has been optimistic, and generally lower in price. Seeds and oilseeds have also been lower. The cotton industry is passing through a difficult period. The manufactured wool business is slow in expanding. Pig iron is in demand, but the market is rather easier. Manufacturers of finished iron and steel are generally well employed in the Midlands.

THEY BREAK LONG SILENCE.

Roar of the Irish is Again Heard in Britain.

Reduction of Representation in Parliament Opposed.

Balfour Draws Upon Himself "T. P.'s" Wrath.

(BY DIRECT WIRE TO THE TIMES.) LONDON, July 15.—[Exclusive Dispatch.] Premier Balfour's redistribution scheme, if persevered in, promises to provoke the bitterest fight in the history of Ireland's long parliamentary quarrel with England. The scheme is avowedly framed to reduce Ireland's representation. Ireland will lose twenty-two seats, all Nationalist; indeed, the only ground for the Unionist demand for redistribution is, if possible, to deprive the Nationalists of some of the parliamentary power they wield so ably. T. P. O'Connor said today: "My first objection is that it is founded on no principle whatever, except to diminish Irish representation. A limit arbitrarily fixed for the counties, so as not to interfere with the English counties, for or boroughs so that about twenty-five English boroughs, noted as hotbeds of corruption and representation,

mainly by Unionists, just escape extinction. "For this trick, the meanest and shabbiest ever attempted to be perpetrated by England against Ireland, to be essayed by a moribund ministry and an utterly discredited leader like Balfour shakes its audacity almost inconceivable."

"The bitter part of it all is that Ireland's decline in population, of which Balfour is so fondly boasting, is the direct result of the union and the British Parliament's atrocious dealings with Ireland. Under the act of union, the Parliament of England guaranteed Ireland 103 members in the Parliament forever. Yet, now, when, owing to England's misrule, the opportunity presents itself of reducing Irish representation by adopting the population basis, it is jumped at by the British government, despite the emphatic protests of the other party to the treaty."

M'DONNELL OPERATED UPON (BY THE ASSOCIATED PRESS.—P.M.) DUBLIN, July 15.—Sir Anthony McDonnell, under-secretary to the Lord Lieutenant of Ireland, has undergone a severe operation. He is reported to be in a very weak condition.

HOCH BOOMS FOLK.

TOPEKA, July 15.—[Exclusive Dispatch.] "If the Democrats of this country ever elect another President, I know no man more whom the country would be safer than with Joseph Folk of Missouri." Gov. Hoch, in talking about his meeting with Folk at Topeka, expressed himself as to the choice of the next Democratic national convention. Coming from an intemperately partisan Republican, this boom for Folk has been a surprise to many.

Gov. Hoch said: "Gov. Folk is an exemplification of the truth that every man should have an ideal and live up to it. His notion is that an official should do right, regardless of opposition. If laws are in the statute book and it is in his power, Gov. Folk believes in enforcing them. This has made him the great man he is."

COMMANDER-IN-CHIEF OF GRAND ARMY DIES.

Gen. Wilmon W. Blackmar, Hero of the Civil War, Falls a Victim of Intestinal Nephritis at Boise, Idaho, While on Official Tour.

(BY THE ASSOCIATED PRESS.—P.M.) BOISE (Idaho) July 15.—Gen. W. W. Blackmar, commander-in-chief of the Grand Army of the Republic, died at 5 o'clock this afternoon of intestinal nephritis. His wife was with him during his illness. The body will be embalmed and taken to the home of the family in Boston.

The general arrived here on the 10th, on a tour, during which he intended to visit Grand Army posts throughout the Northwest. He was ill when he arrived, and gradually failed. The seriousness of his condition was kept from the public at the request of his wife.

Gen. Blackmar was born July 25, 1841, at Bristol, Pa. He served with distinction throughout the war, and at Five Forks was promoted on the field to captain. Through three administrations, those of Governors Long, Talbot and Rice, he was Judge Advocate General of Massachusetts. At the last national encampment of the G. A. R. he was elected commander-in-chief.

NOT EXPECTED AT HINGHAM. (BY THE ASSOCIATED PRESS.—P.M.) HINGHAM (Mass.) July 15.—The news of the death of Gen. Blackmar was entirely unexpected by the residents of Hingham, where Gen. Blackmar lived during the summer months.

(BY THE ASSOCIATED PRESS.—P.M.) BOSTON, July 15.—Except by two or three officials of the Grand Army, the

news of the death of Commander-in-Chief Blackmar was received with great surprise in this city. The home of Gen. Blackmar was in this city, and since his elevation to the position of Commander-in-Chief, the headquarters have been here. Gen. Blackmar has been succeeded by John R. King of Washington, Senior Vice Commander.

Sketch of His Life. Gen. Blackmar's father was clergyman, and moved to Boston when the future general was a small boy. He was fitting for college at Exeter, N. H., when the Civil War broke out. He enlisted as a private in the Fifteenth Pennsylvania Cavalry, and was promoted through all the non-commissioned grades until he became orderly sergeant of the company. He was then promoted to a lieutenancy and transferred to the First West Virginia Cavalry, one of Custer's famous regiments. He was promoted to captain at Five Forks, where Custer's army had taken the colors under a deep gully under heavy fire. The brigade rallied around the colors and continued the fight to a successful termination.

He was detailed as adjutant-general of his brigade, and was afterward made post marshal of the division, in which capacity he served to the end of the war.

After the war, he resumed his studies, and graduated from Harvard Law School and enjoyed a large practice. Gen. Blackmar made a tour of inspection of the various posts in California last May, during which he was shown many courtesies.

PITH OF NEWS FROM THE MIDLE WEST.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 15.—[Exclusive Dispatch.] Chicago's reputation as a summer resort received a severe setback today. The thermometer climbed to 94 degrees, and there was not a cloud to obscure the pitiless sun for a moment. The heat continued with little abatement during the evening, with prospects of even more torrid weather tomorrow. Few preparations were reported, owing to the fact that it was Sunday, and there was little work done. Middle West temperatures at 8 p.m.:

SECRETARY SHAW'S CHECK.

For the third time in two years, Secretary of the Treasury Shaw was unable to get a check cashed at the Auditorium Hotel, tonight, until identified. He protested vigorously, saying he was tired of the annoyance.

CASUALTIES OF THE FOURTH.

Fourth of July casualties continue to multiply, despite earnest and persistent efforts to check them, according to the weekly bulletin of the Health Department for the week ending July 15. "As tabulated July 6 of last year, they numbered 2431 for the whole country," the bulletin says. "On the same date this year, 3169 had been reported—an increase of 30 per cent. Up to July 15, there had been 100 deaths from these accidents in 1904 and ninety-two in 1905."

STATE LEAGUE BALL.
DOLLY GRAY DEFEATED.
 (BY THE ASSOCIATED PRESS.—P.M.)
 STOCKTON, July 16.—In a pitchers' battle today the former had the better of the argument, not allowing Fresno a single hit. Gray pitched good ball in all but the fifth inning, when three hits coupled with errors netted four runs for the home team. Score: Stockton, 4; hits, 5; errors, 1. Fresno, 0; hits, 0; errors, 2. Batteries—Ferguson and McMurray; Gray and Lohman.

LOOLOGOS TAKE TWO.
OAKLAND IS OUTCLASSED.
 (BY THE ASSOCIATED PRESS.—P.M.)
 SAN FRANCISCO, July 16.—Los Angeles won both games from Oakland today. Pitcher Baum succeeded in shutting out the Oaklanders in the morning game and by bunting hits at opportune times the southern team secured three runs. Bases were freely run in the afternoon contest, the score being 7 to 4. Scores:
 Morning game: LOS ANGELES, 7; OAKLAND, 4.
 Afternoon game: LOS ANGELES, 7; OAKLAND, 4.

NARES GOES AFTER RECORD.
HOPES TO REACH FRISCO IN TWENTY-FOUR HOURS.
 With a noise like a monster rocket seeking flight, L. A. Nares and his party of mechanics shot up Broadway at 4 o'clock yesterday morning in a big Pope-Toledo touring automobile, bound for San Francisco in an attempt to make the 424 miles to that city in twenty-four hours. From the speed with which he went past the Times office he should do something to some kind of a record and he is determined to keep away from accidents and punctures and such things.

DISPATCHES RECEIVED BY THE TIMES
 last evening from Mr. Nares stated that he had reached Santa Barbara at 5:30 o'clock yesterday morning and had one puncture and that he had arrived at Paso Robles at 6:47 o'clock last night, ahead of time, which means that he had been able to maintain his schedule of twenty-one miles per hour for that distance of the journey.

MOTORISTS OFF.
START ON SPYING TRIP.
 C. W. Riden and his two motor cycle friends left this city for San Francisco yesterday morning early to spy out the roads in preparation for Nares's attempted record run to be made in two weeks. If everything runs smoothly they will probably reach the metropolis this evening.

SWASHES SLIDE.
FRISCO TAKES TWO GAMES.
 (BY THE ASSOCIATED PRESS.—P.M.)
 SEATTLE, July 16.—San Francisco took both games today. The first contest was a pitchers' battle between Henley and Fitzpatrick and went for twelve innings. A pass to Waldron, a sacrifice for Wheeler, an infield out and a poor throw by Hall gave the visitors the winning run. The second game, which only ran seven innings, was won in the first, errors by the locals giving San Francisco two runs. Whalen shut out the locals without either run or hit. Hall also pitched good ball. Scores:
 First game: SEATTLE, 0; hits, 0; errors, 4. San Francisco, 2; hits, 5; errors, 1. Batteries—Fitzpatrick and Blankenship; Henley and Wilson.
 Second game: SEATTLE, 0; hits, 0; errors, 5. San Francisco, 2; hits, 4; errors, 1. Batteries—Whalen and Wilson; Hall and Prater.

PORTLAND SHUT OUT.
TIGERS WIN ANOTHER.
 (BY THE ASSOCIATED PRESS.—P.M.)
 PORTLAND, (Or.) July 16.—Portland was unable to connect with Keefe's delivery except at rare intervals in the game today with Tacoma. French pitched a good game but the locals suffered the handicap of three men laid up for repairs. Attendance 5000. Score: Portland, 0; hits, 5; errors, 5. Tacoma, 4; hits, 5; errors, 0. Batteries—French and McLean; Keefe and Graham. Umpire—Bray.

VENICE TO BE YACHTS' HOME.
QUIET ANCHORAGE WILL BE THE MAIN ATTRACTION.
 Breakwater to be extended beyond present lines of piling and floats to be put in—Shelter will be made more attractive than that at San Pedro.
 The Mayor of Venice, the city that appeared by magic in the last few weeks, says that the official intention is to make this artistic watering place a yachting center. This does not mean a rendezvous for occasional racing, but a permanent home for all kinds of pleasure vessels. For this purpose a long breakwater is now partly completed and the work of filling in with stone will be commenced at once. This structure has been completed on the same plan for piling as the huge government breakwater at San Pedro, and is designed to resist any ordinary force of ocean swell. A railway track has been built out from shore on that part of the T-wharf which projects at right angles to the line of surf, and the stone contracted for will come from the same mountains that supply the great boulders for the harbor protection at San Pedro.

AMERICAN LEAGUE.
SENATORS CLIMBING UP.
 (BY THE ASSOCIATED PRESS.—P.M.)
 CHICAGO, July 16.—Washington defeated Chicago by bunting hits in the fourth. Chicago's only run was scored on a bad throw by Jacobson, the ball going into the bleachers. Attendance 12,000. Score:
 Chicago, 1; hits, 3; errors, 1. Washington, 5; hits, 7; errors, 4. Batteries—Owen and Sullivan; Jacobson and Heydon.
CY YOUNG WINS.
 (BY THE ASSOCIATED PRESS.—P.M.)
 ST. LOUIS, July 16.—Boston took the game today with ease. Young being effective save in one inning. Young struck out nine of the St. Louis batters. Howell was hit freely, but his support was good. Attendance 15,000. Score:
 St. Louis, 2; hits, 4; errors, 0. Boston, 5; hits, 11; errors, 1. Batteries—Howell and Suggen; Young and Criger.

 Minor Baseball.
 For the championship of the Ironworkers' Baseball League, the Johnson Machine Works nine and the Fulton Engine Works team played a match game yesterday afternoon on the grounds at the County Hospital. The game was a battle royal throughout the nine innings. The features were the pitching of nine and the one-armed wonder, who made three three-baggers, and the errorless game played by Smith who held down the initial bag. The battery for the winners was Steele and Watson, and for the Fulton Iron Works Connors and Avila. Score: 7 to 1.
 In a fifteen-inning game on the Vernon grounds yesterday morning the Waterworks team defeated the Pirates by a score of 7 to 1. The play was exciting all the way.
 The Morgan Oyster Company team did but little trouble yesterday morning in beating the Hines & Gentry team by a score of 8 to 3 on the grounds at Seventh and Mateo streets. The features of the game were the batting of Whaling, in particular making a home run and a triple. The winners fell on Pitcher Reiger in the first inning, and with the help of some errors piled up five runs. The batteries were Whaling, Bresino and LeBrand for the Morgans, and Reiger and Lyons for the losers.

LAWN TENNIS.
PLAY AT EXPOSITION.
 (BY THE ASSOCIATED PRESS.—P.M.)
 PORTLAND, (Or.) July 16.—Prominent tennis players from all parts of the Northwest will contest in the Lewis and Clark tennis championship which begins tomorrow. Besides the Portland players entered there will be representatives from Victoria and Vancouver, B. C., and from Seattle, Spokane, and Tacoma, Wash.
RACING.
SPORT AT ASCOT.
 The bang-tail sports have commenced to pick up their ears and take notice for the winter season at Ascot Park is but a few months away and the runners will soon be doing things at the track.
 The meeting this year will commence on Thanksgiving Day and will continue for ninety days, instead of 111 as last winter. There will be eighteen stakes in last year, but this time there will be no stakes for the jumpers, though there will be handicaps for them as before. Manager Brooks will start in a few days to look after entries, but this is not exactly necessary, for about all of the horses that were here last winter will come again, and in addition many new ones. Bonacks' and Bondy's horses, or some of them, were due at Ascot yesterday, and from now on the runners will be dropping in regularly for the coming meet.
 Leaving out the three steeplechase stake events will add three more stakes to the card for flat races.

TWO SQUARE MILES OF FIRE.

NARROW ESCAPE FROM SERIOUS LOSS NEAR REDLANDS.

Blaze Started in Brush to Clear Piece of Land Gets Beyond Control and Sweeps Over Large Area, Burning Flumes and Destroying Other Property Before Extinguished.

REDLANDS, July 16.—A brush fire, started shortly after noon Saturday, for the purpose of clearing a piece of ground, situated between Montebello and the foothills, was burned by a high breeze until it got entirely beyond the control of the watchers, with the result that over 1200 acres of pasture land were burned over, and the 12th foot flume of the McIntosh and Marlette Water Company was destroyed for a distance of about 3000 feet. That the Bear Valley flume is safe and that the conflagration did not destroy much private property is due only to the strenuous efforts of a party of thirty or more men who went to the rescue.

BASEBALL BY ELECTRIC LIGHT.

The manager of the Sioux Indian baseball team has written from Yuma asking that a date be arranged for a game or games with players in this city. A morning and evening game, are being talked of, the latter to be played under electric lights. The Indians bring their own lighting plant, carrying 50 are lights of 1000 candle power each, enabling them to produce 16,000 candle power on the field, in addition to having their own canvas fence and grandstands with canopy tops. The matter has been placed in the hands of W. F. Stutz, who is in correspondence with the team manager.

FRUIT GROWERS MEET.

At a meeting of growers held yesterday afternoon in the packing-house of the Redlands Fruit Association, County Horticultural Commissioner Pease was present to discuss with those interested the relative value of spraying and fumigating, as a means of eradicating yellow scale from the orange groves of the county. The pest has appeared in a few sections and the commission wish to take immediate action in the matter. The same course, they feel, should be adopted by every one in the section and the commission wish to take immediate action in the matter. RIVERSIDE A TROLLEY CENTER.

EXTENSIVE WORK ON NEW LINES SOON TO BEGIN.

Surveys are Being Made for Two Routes to Colton and San Bernardino and Existing Routes to be Extended to Suburban Points—Mill-timen Improving Quarters.

RIVERSIDE, July 16.—There are rumors of trolley activities abroad in the land, and if it is true, the development projected materializes Riverside will see a lot of extension work the next few months. A new element has been infused into the situation by the presence of Seth Hartley of San Bernardino, who recently secured franchises for a trolley line in Colton and San Bernardino in opposition to the Huntington interests. Mr. Hartley's visit here is said to be connected with the proposed electric line from Eighth street to Fairmount Park and Elgin. This line could be extended to Colton up the Santa Ana River bottom at comparatively small expense, and thus connect with the proposed Colton line.

In the meantime the Huntington surveys are hurrying their survey from Colton to Riverside, and connection by trolley with the Angel City seems not very far off.

MILITIA PLANS.

Co. M has taken a new lease of life and is showing renewed activity in every line. Capt. Heath is preparing to remodel the somewhat ramshackle structure known as Armory Hall and to make it an attractive and comfortable domicile for the company. The plans include the refitting of the present rooms for card and billiard rooms, the furnishing of the present parlor as a library and parlor, the refurnishing and repapering of the officers' and non-commissioned officers' rooms and the laying of a new floor which will be kept in good condition for dancing. It is proposed, in short, to have comfortable club and social rooms with fittings that will make for comfort and attractiveness.

It is proposed to add to the company membership, and a training squad has

been organized to try out available material. The standard of the company will be raised by the weeding out of members who are lax in attendance and interest.

A committee has been appointed to make preparation for the annual play presented by the company. This will be about Thanksgiving.

ORANGE CENTER BRIEFS.

Mrs. Henry Graves of Breynton avenue is suffering from a stroke of paralysis that affected her right side. Orange Circle, Women of Woodcraft, will entertain Mountain View Circle of San Bernardino on Wednesday evening. The newly elected officers of the local circle will be installed and an entertainment programme presented. The entertainment committee is composed of Mrs. Shaw, McDonald, Painter, Branch and Johnson.

Mrs. Godfrey, superintendent of temporary work for the W.C.T.U. among railroad men, will deliver an address at the Universalist Church tomorrow afternoon. The plans prepared for the new Congressional paragon by A. B. Benton of Los Angeles, have been adopted and bid will be received for the building at an early date. The paragon is of the mission type and will cost about \$4000.

WHY DISCARD THE OLD NAME?

PEOPLE OF VENTURA COUNTY SEAT WANT NO CHANGE.

County Pioneer Society Takes up Matter for Purpose of Determining Whether Name Shall be Buena Vista or Just Plain Ventura—Result to be Sent to Washington.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

VENTURA, July 16.—Shall this city continue to exist under two names? The question which is agitating many people, particularly the old-timers, who have a strong sentimental interest in the matter, as well as many others, who feel that the town is suffering and has suffered material injury for many years because of its strange duality. A dozen years ago and because its name was a stumbling block to its progress, the name was changed from San Buenaventura to plain Ventura, which is also the name of the county. The town was founded by the mission fathers, calling its station here San Buenaventura. The fact that it is thus designated by two names has caused no lack of trouble and, no doubt, considerable injury to the town because people do not know where to go for such places as San Buenaventura, while people who have occasion to visit Ventura can get no information regarding the town from the railroads.

A few months ago the Postoffice Department sent out notices to California asking if the people wished, in the several places where the names of towns had been changed by authorities, to have the old names restored. There was some agitation in this place looking to the changing of the name of the postoffice back to the old, original and legal name of the town. The postmaster made the wishes of the department public, but no one seemed willing to circulate a petition, though the sentiment was thought overwhelming in favor of the old name, and is today. A few days ago the postmaster himself circulated the two petitions necessary, one favoring the old and the other the new, among a few of the business men. There were sixty-five thought the name suitable, while eighteen thought the old should be reinstated. These petitions have gone forward.

Now, when it is almost too late, the claim is made by those who think it is harmful to destroy an old Spanish name as it is to obliterate a landmark, that the real sentiment of all the people is not represented in the petitions.

SLOOP MARIE WINS HART-FOUGHT RACE.

IN a cracking breeze yesterday the sloop Marie, owned by C. H. Wedge, won a hard-fought race from the redoubtable Mischief and Venice. This was the first race for the Erkenbrecher cup, presented to the South Coast Yacht Club by Byron Erkenbrecher, one of the best yachtsmen in Detroit. The peculiarity of this trophy is that it is one for skippers and not for boats. Every master of a racing vessel gets his name engraved on the trophy, and the skipper who first wins it three times gets the silverware for keeps.

Possibly because an owner gave the prize, the big Detroit did not take part in the day's struggles, and there were two other slight disadvantages. One of these was that the Mischief carried away her port shrouds and had to be towed in from Long Beach to her moorings. Another was that the second mark of the triangular course drifted away from its intended anchorage and caused a good deal of delay and vexation.

But a magnificent breeze called the boats to the starting line on the full jump as the scheduled hour of send-off, 1:30 p.m., approached, and this getaway there was not much to choose, as all three sprang off like hounds unleashed when the gun of the Regatta Committee barked out the signal. The boats now had all they wanted in wind, and for the beat of all of them a little. The yachts had there was quite enough, and to both all of the ma little. The yachts had to sail twice round a six-mile triangle, the first mark being near the government breakwater off San Pedro, the second was two miles farther seaward and easterly, while the home run was more northerly. This gave the race a twist to it, and to both broad reaches on each turn of the triangle, and the whole length of the course was twelve miles.

On the first lap, the Mischief sailed by Walter Folson, took the lead, her extra weight helping her all the way while facing the slight roughness of the water, and the Venus, owned and sailed by Herbert Pease, gradually secured second place in the long bit of wind-jamming. This was a wet part of the race, and the water was as follows: Mischief, Venus, Marie; but in the broad reaching down to the second mark the order changed

and that the Washington department should be notified. To that end the Ventura County Pioneer Society has taken the matter up and will make an effort to reach the department. An appeal will be made to Congressman Smith of this district, and probably the efforts of ex-Senator Bard will be enlisted in the matter. Also, petitions will be circulated with the view of getting the signatures of all the people asking that the old name be restored.

SANTA BARBARA.

COMPANY DENIES MALICE.

[SPECIAL CORRESPONDENCE OF THE TIMES.] SANTA BARBARA, July 16.—The Western Union Oil Company has filed its answer to the complaint of Charles W. Newlove and other Newlove heirs, in which the Newloves endeavor to recover the costs and damages alleged to have arisen from the prolonged litigation brought upon them by the Western Union Company. The answer of the oil company asserts that there was no malice on the part of the company in bringing the action against the Newloves, but that it was brought in good faith, "believing that it had rights to the possession of the said lands described in the complaint, holding an adequate title for the same."

CITY WILL CRUSH ROCK.

An immense rock crusher has been purchased by the city and is being installed at the municipal quarries in Mission Canyon. It will be used to crush and sieve the rock into different grades for use on the streets. The use of the city is a very important success, and it is believed that crushed rock will make a good surface for streets and roads.

VALENTINE FOR CHARITY.

A vaudeville entertainment of the kind given at the home of Mrs. C. A. Hopkins on Friday evening for the benefit of the Cottage Hospital. Mrs. Helen Hecker, Mrs. Waterman, Miss Pettit, Mrs. Long, Miss Weston, Miss Wickerson, Mrs. William Morrow, Miss Herrin, W. R. Edwards, Harry Spaulding, Constance Hopkins and Capt. Rock are all to take part in the evening's programme, and as all have had considerable experience in amateur theatricals, a bright, snappy entertainment is expected.

HUNTINGTON BEACH.

MUST HAVE A JAIL.

HUNTINGTON BEACH, July 16.—Shall the constable of Huntington Beach sit up all night with the prisoners or drive over the lonely fields with them to Santa Ana? This is a problem that has not yet demanded a practical solution because of orderly conditions here, but with increasingly larger crowds gathering at the beach, the town realizes that a calaboose of even slight dimensions would have a salutary effect. The man who brings in his bottle occasionally gives some trouble to the constable. G. A. Reynolds, who finds that "boot-leggers" will not let him down, possibly through motives of economy, but it is hard to detect until the revenue is lost. There is no place of detention, each arrest puts the county to the expense of conveying the prisoners to Santa Ana. The launch here took out a party of fishermen this morning who returned before noon with over 1000 pounds of yellowtail and barracuda.

BULGARIA APPEALS.

SOFIA (Bulgaria) July 16.—The Bulgarian government has sent a circular note to the representatives of the powers, in which the powers are asked to intervene for the protection of the Bulgarian population in the vilayet of Adrianople, European Turkey, against systematic persecution and to force the Bulgarians to abandon their homes to seek refuge in the forests and to become active rebels. The note suggests that the vilayet be subjected to European control.

NO MENACE TO PACIFIC COAST.

LEARNED DUTCH OFFICER TELLS OF THE MONGOLIANS.

Here from Java to Study American Hospital Systems—He Says Commerce from This Country to the Orient is Rapidly Increasing and Will Continue to Increase.

Dr. Urbanek, an official of the Dutch government in Batavia, Java, is a visitor in Los Angeles. With his sister, Dr. Urbanek is on his way to his home in Prague, Bohemia, for he is a Bohemian, although he is a Dutch official. They are staying at the Lanthier.

Dr. Urbanek confirms the reports in which have been coming here of the increase in American commerce through the Orient.

In the Straits Settlements people are getting to rely more and more on the products of this country," he said, "especially, as far as I can gather, of the western part. Of course, in the Dutch East Indies the tariff keeps them out to a great extent. Then, too, Germany has better chances there than the Dutch have better chances there."

"Throughout the East, the opinion is general that the expansion of Japan is going to bring about several changes in the map. Many people who are in the East, think that they will not only the Philippines, but at least one point of vantage in the Straits. They will get it in another question. Mongolian labor is used everywhere, supplementing American and English capital."

Dr. Urbanek, making inspection of the principal hospitals in this country. He is very enthusiastic over what he has seen so far. He expects to get much knowledge and will be of value to him when he returns to Batavia. He scoffs at the idea that the Pacific States are in danger of Mongolian invasion.

"The diseases peculiar to the Orient," he said, "are founded on ill nourishment and bad habits. They could not be cured by the use of medicine, but by the use of clean living under such conditions as these are here. If you could see how the coolies live you would understand this. Paid about \$5 a month, each, but they live on next to nothing. Besides all this, medical regulations are so strict here. A great many of the rules we enforce in Batavia are modeled on those that prevail here."

CASTRO'S NEW PORTS.

WASHINGTON, July 16.—[Exclusive Dispatch.] An apparent effort of President Castro to secure the recognition of the arbitral decision whereby Venezuela was required to segregate for the payment of its foreign creditors the stipulated percentage of customs receipts of certain ports, is demonstrated by the report just received from Carl Bailey Harnet, American consul at La Guayra, in which he announces the recent establishment of eight new ports.

Garfield avenue and Monterey road. About forty members of the club chartered a special car and went down from Pasadena. The fun began on the spacious grounds beneath the soft rays of Japanese lanterns. A program of sports was arranged by Prof. Holder, Dr. P. S. Rowland, H. P. Halstead and Thaddeus Lowe. Each event proved a mirth provoker. In the sack race there were several contestants and Mr. Rogers was the victor. In the potato race Mr. Marble was the successful contestant. Ladies participated in the gymnastic event, in which Miss Talcott was successful. Mrs. Edward Paul proved the most adept in the needle threading contest, which produced unlimited merriment. By the time the sports were finished the moon had added to the picturesque surroundings and the supper tables were then prepared on the lawn in charge of Mrs. Marble and Mrs. Guthrie. After supper a room in the barn was cleared for the dancing to the music of Spanish musicians on the guitar and violin. Old-fashioned square dances and the Virginia reel were danced until the guests were ready to depart in the car, which was kept in commission for them.

ALONG THE RIALTO.

The Pasadena Board of Education will award the contract for the erection of a three-room kindergarten building as an adjunct to the Lincoln school at a special meeting to be held tomorrow. It is hoped this will relieve the immediate necessity of more room in this already greatly overcrowded district.

"Some Lessons from Scott's Death Valley Special" was the rather unusual theme of the sermon delivered by Rev. Sumner T. Martin at the First Christian Church last night. Ailing Pastor Martin, who is supplying the pulpit during the summer vacation of Dr. Devine, drew a strong lesson from the remarkable burst of speed as exhibited by the Death Valley miner's flying train, and cautioned a little more simplicity and modesty as against the strenuous pace of the present times.

Pasadena interested in a gold mining claim in the Tonopah region of Nevada, accompanied by a mining expert from South Africa, started for the scene of the camp yesterday for a trip of inspection. In the party were Henry Newby, J. C. Rust, Harry Pinney, W. Jones and W. C. Crowell.

Residents and property owners along Summit avenue from Palmdale to Washington street are circulating a petition for the establishment of a sewer on that thoroughfare. A similar improvement has already been ordered farther north on the same street, and it is understood the new petition will be presented to the Council tomorrow.

VENICE.

LARGE SUNDAY CROWD.

VENICE, July 13.—There was the usual large Sunday crowd on the beach today and the surf and swimming pool were alive with those who had come over to enjoy a day by the seaside. The morning exercises at the Assembly consisted of several numbers on the pipe organ and vocal solos.

Rev. William Rader of San Francisco delivered an address on "The Message of Modern Christianity to the Modern World." He said in part: "Christianity is speaking louder tones to the Mammon worshippers than to any class of men. Mammon is now the chief object of redemption. The Christianization of the world is the immediate task of organized religion. This personified evil strikes at the very foundations of the republic. The rich man has become a national peril. Not Moses and the Pentateuch, not Jonah and the whale, but the ethics of making and spending money is the question of the hour. Christianity is throwing its searchlight directly upon financial affairs in the United States."

"An artist painted this personified worldliness. You may see him, a huge, red-faced, passionate, greedy, gruffing, selfish type of character, marching on the Equitable Life Insurance Company, in the Standard Oil, in Yale, in the rooms of the American Board, in all streets, wherever men are violating the laws of trade, and setting aside the teachings of Jesus Christ. Ye cannot be Christians and grafters. Ye cannot serve God and mammon."

"Christianity is in advance of the world. Its ideals are ahead of the ideals of politics, commerce, society. Nobody practices the Golden Rule and the Sermon on the Mount. The church is behind the modern world. It is behind it in enterprise, in enthusiasm, and in achievement. All three are marching all advance; but Christianity lacks organization, it lacks religion. The impediments of organization hinder progress. Ideas are wrong. They are free. When the church and the world and Christianity meet, we shall have the greatest music, the highest art and the noblest type of character. Only by evolution shall this consummation be reached. To apply the teachings of the sermon on the Mount now would revolutionize the world. If men should do their ideal duty, civilization itself would be shaken by the earthquake of religion."

This evening Prof. Raymond lectured on "London: Imperialism and Progress." He began by pointing out that London is the weaker character of the world, "the emporium of many nations, a pivotal point of English life, the center of English social and political movements, and the characteristic national passions of Britain are epitomized in London: Imperialism, the extension of English power over distant lands, and progressivism, the uplift and purification of everyday life at home. SANTA MONICA, July 13.—Mr. and Mrs. W. A. Polkinghorn have gone to Portland to visit the exposition.

Miss E. N. Wagler is a summer visitor from Pasadena.

C. A. Witter and daughter are here from Redlands.

Miss Fannie Black is the guest of relatives at Claremont.

Mrs. S. J. Eggleston has as her guest Mrs. P. D. Pool of Los Angeles.

N. W. Austin of Riverside is on the beach for a few weeks.

Mr. and Mrs. Edward Parkhurst are here from San Bernardino.

Mrs. and Mrs. R. Rickney of Pasadena are visiting away a few days by the seaside.

Mrs. E. L. Sargeant of Dallas, Tex., is spending the summer at the Arcadia schoolhouse. The visit was light and cheerful.

Mrs. J. S. Matthews, Boston; C. C. Bartlett, Philadelphia; Mrs. E. V. Pickett, Florence, Ariz.; Mrs. T. T. Butts, La Crosse, Wis.; Miss Myra Wenner, El Paso, Tex.; S. Falconer, London, Eng.; C. E. Herbert, Durango, Mex.; J. F. Smith, El Paso, Tex., are at the Arcadia.

Mrs. C. W. Rand and Mrs. Maud R. Davies of Los Angeles have been spending several days at the Arcadia.

LORDSBURG.

VOTE BONDS FOR SCHOOL.

LORDSBURG, July 13.—The people of this district yesterday voted \$10,000 bonds, to be used for the purchase of a site and the erection of an up-to-date schoolhouse. The vote was light and the bonds carried by a small majority.

39 in favor, and 14 against, a two-thirds majority being necessary. The trustees have decided to purchase the whole of block 16 at the junction of Sixth and D streets and the building will probably be erected from the plans of Oliver Clark, an architect of Pomona.

The present school building will be sold. The land on which it stands is not a desirable location. It was given to the district by the late Col. George Heath and a clause in the deed stated that if the district should at any time abandon the site for school purposes the property should revert to the original owner, Mrs. Emma Heath. The widow has now offered to give a clear title to the land, providing a creditable building is erected on some other location.

Preparations are being made to inaugurate the summer of Mrs. C. A. Stavrow on Short Line Beach. A new rural route soon to be started from Los Angeles will serve a part of the territory south and east of the beach and is now supplied by Paines car.

The F. Lachmeyer place east of Ocean Park and south and west of the beach has been offered as having been sold for \$60,000. The ranch consists of fifty-five acres.

Miss Arley C. Mott of Santa Paul is a visitor on the strand.

Mrs. and Mrs. Tolar of San Pedro spent the week here.

Porter Hutton has returned to his Chicago home after several weeks spent on the beach.

Mr. and Mrs. George Frisbee are beach visitors from Pomona.

Mrs. J. F. Smith of Oakland is spending some days here.

Mrs. John Casey of Pomona is visiting with relatives on the sand.

ROUVIER ENTERTAINS BRITONS.

PARIS, July 13.—The officers of the British squadron, which is now at Brest, were the guests of Premier Rouvier at luncheon at the Foreign Office today. They afterwards attended the races at Maisons Laiffette, where the race for the President of the Republic

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Corona Parlor's Installation.

Corona Parlor, No. 18, Native Sons of the Golden West, will install its new officers on Wednesday evening, and will have a spread.

Private Car Party.

A party of fifty-five tourists from Birmingham, Ala., was in town yesterday, arriving in a private car over the Salt Lake route. It is in charge of Mrs. A. E. Meadows of that city. Most of the party were at the Angelus yesterday.

Morganstern Back Today.

Rube Welch, Morganstern's right-hand man at the Casino, said last night that the adventurous manager, whose flights and falls have been town talk for a week, had left San Francisco on the evening Owl train for Los Angeles, and would arrive this morning.

Turner's New Gym.

The handsome new gymnasium for the Turner Germanic is almost ready for use. It is located on South Figueroa street, a short distance south of Pico, and has been placed back on the lot so as to provide room for a future addition of a handsome auditorium on the street frontage.

Over the Transom.

Sneak thieves made a profitable haul at the residence of E. W. Lusk yesterday afternoon, when they climbed over a transom during the absence of members of the family and ransacked the house. The thieves secured a gold watch, a ring, a valuable pin and a purse containing \$4.

New Choir.

An entire change has been made in the quartette in the church. Miss Charlotte Pinkham is now the soprano and leader, with Miss Harriet Longstreet, contralto, and Messrs. Calender and Ayers, tenor and bass respectively. Mr. Ayers comes here from Detroit, where he was a member of the African Male Quartette.

Dr. McIntyre's Going.

Dr. McIntyre leaves this week for his summer vacation and his pupils will be occupied next Sunday morning by Rev. Dr. Huston, formerly pastor of the First Methodist Church in Pasadena. In the evening, Hugh Smith, the evangelist, will preach, and on Sunday morning, July 25, Rev. George A. Hough, pastor of the First Methodist Church of First Church, and now the very successful pastor of the California Methodist Church in San Francisco, will occupy the pulpit.

Chauteaugus Continuance.

The second week of the Chauteaugus programmes at Long Beach will commence this morning. At the forenoon session the popular and well-known speaker, and a number of lecturers will speak. At 2 o'clock this afternoon Rev. Dr. Frank Ganssaul will make his farewell address, speaking upon "The Crowning of His Times." This evening Mrs. H. Kemp of San Francisco will give a talk on "Sienkiewicz's 'Quo Vadis' and the history of musical features will be presented.

Fears for Valentine.

The mother of Charles A. Valentine, Mrs. D. J. Valentine, No. 3615 East Second street, and his friends are much excited over his disappearance from Long Beach and the fear of those who know him, several days ago. Valentine, who is a music teacher in this city, was spending the summer with his brother in a cottage at Long Beach. After breakfast Friday morning he left the cottage and has not been seen since. His mother thinks that he started out to walk into the city, and as he was not in good health, she fears some harm has come to him.

Church Transfer Recognized.

Services in connection with the formal transfer of the Cumberland Presbyterian Church to the Presbyterian body were held yesterday afternoon in the auditorium on Tenth street and Union avenue. The speakers were Rev. A. G. Fessenden of the Grand View Presbyterian Church, Rev. A. P. Frickard of the Central Church, Rev. S. T. Montgomery of Third Church, and Rev. Hugh K. Walker of Immanuel Church. The pastor of the church, Rev. Dr. J. W. Landis, made a few remarks. At a meeting of the presbytery on July 11 the name of the church was changed to the Westlake Presbyterian Church.

Address to Mrs. Hay.

Ellie Cohn is circulating a paper which is being numerously signed by the leading Jewish merchants and professional men, authorizing Dr. Laidor Springer, projector and managing editor of the Jewish Encyclopedia (Funk & Wagnalls Company, New York, publishers), to add their names and voices to any address of condolence which may be sent to the widow and family of the late Secretary of State John Hay. An address is being prepared by Dr. Springer, and is receiving much attention from public-spirited Jewish citizens of the American metropolis, who appreciate the efforts made by Secretary Hay in behalf of their race in Russia.

Architects' Outing.

Twenty-six members of Southern California Chapter, Institute of Architects, enjoyed an outing Saturday afternoon at the beaches. A special car was placed at their disposal by the management of the Pacific Electric Railway, and Hollywood, Santa Monica, Ocean Park, Venice, Playa del Rey and Redondo were visited. At Redondo the guests were treated to the bustling town by William M. Garland. They were so impressed that they immediately formed a little syndicate, for the purchase of a knobby-cupping block of ground in a slightly spot. At Venice, on the return trip, the party made another inspection, and a banquet was tendered at the Ocean Park Casino. The speaker of the evening was W. L. B. Jenney of Chicago, a noted architect.

TREED THE LANDLORD.

Infuriated Negro With Razor Cleaned Out Hotel Office. Guests Terrorized.

Resenting being awakened from a drunken snooze in a chair in the office of the First Street Hotel, J. S. Robinson, a negro barber, residing at No. 5735 Monte Vista street, ran amuck with a drawn razor yesterday afternoon, and but for the ability of the proprietor of the hotel and the half-dozen guests in the office, would have had a job of fancy carving to his credit. With the proprietor treed on top of the office desk, wildly waving a chair as a signal of distress, and the guests playing hide and seek with the infuriated barber, the situation became too strained to be pleasant, and everyone joyfully hailed the advent of Patrolman Peterson, who had been attracted by the cries of terror, and who promptly tapped Robinson into a less offensive frame of mind.

The trouble started when the proprietor of the hotel suggested that he would be as well pleased to have Robinson sleep off his booze elsewhere. The "tonorial artist" took this as an insult of a personal nature, and proceeded to vindicate his good name as a "gemman."
